

ALL DISCIPLINES - ONE VENUE

**14th Annual
Academic Research Conference**
April 7 - 9, 2026 | Hybrid (virtual/in-person)
The University of West Alabama, Livingston, AL, U.S.

ARC Call for Proposals

The [Academic Research Conference \(ARC\)](#) invites proposals from scholars and professionals at all career stages, including undergraduate and graduate students, across every discipline. ARC highlights research, creative projects, and applied innovations that showcase the breadth of inquiry and discovery across fields.

[Learn more about ARC](#)

Abstract Submission Deadline: February 27, 2026

Presentation Formats

Present your work as oral talks, posters, prototypes/innovative models, computational projects, or creative works (including performances)

Schedule at a Glance

- **Tue, Apr 7:** Virtual presentations via Zoom
- **Wed, Apr 8:** In-person presentations, Keynote and Career Fair (UWA)
- **Thu, Apr 9:** AI Workshop (UWA)

Why Present

- Share your work with a broad, interdisciplinary audience
- Connect with mentors, graduate programs, and employers (Career Fair)
- Compete for undergraduate and graduate presentation awards
- [Apply](#) for travel support (limited)

How to Submit

- Visit [the ARC Participate](#) page for submission guidelines, templates, and presentation details

[Submit a Project Summary](#)

International Presenters

- If you plan to attend in person and require a U.S. visa, apply no later than November 2025 (processing can take several months)
- Accepted international presenters will receive a personalized invitation letter by December 15, 2025, with a tentative title, date/time, and location
- The invitation letter does not imply financial support
